2021-01-05	Initial release

Purpose for Parts and Accessories Bulletin

To inform dealers that all Screamin' Eagle® Street Tuner calibrations will have a delayed availability due to the 2021 Electronic Control Module (ECM) change on Milwaukee-Eight® (MKE-8) models.

Markets Affected

All markets are affected.

Key Messages

- All Screamin' Eagle Street Tuner calibrations will have a delayed availability due to the 2021 ECM change on MKE-8 models including Touring, CVO, Trike, Softail and XL models.
- Harley-Davidson is anticipating Street Tuner calibrations to be available in late February 2021.
- Harley-Davidson will communicate further updates through the Parts and Accessories (P&A) bulletin process.

Summary and Parts Affected

Stage I-IV Kits and Street Tuner

Calibrations will not be available for any Stage I, II, III, or IV product for all 2021 models.
